PROFILE

Experienced Full Stack Developer proficient in React.js, Node.js, Next.js, and JavaScript. Skilled in crafting dynamic and responsive web applications, I specialize in front-end development with React.js and Next.js, coupled with robust server-side solutions using Node.js. My expertise ensures the creation of high-performance, user-friendly interfaces. Well-versed in collaborative development and version control with Git, I bring a passion for staying updated on the latest web technologies. Committed to delivering top-notch solutions, I am eager to contribute my skills to innovative projects and enhance the user experience through cutting-edge development.

WORK EXPERIENCE

Front-End Developer

Agua Wireless Systems Pvt Ltd Jun 2022 - Aug 2022

- Developed responsive and intuitive user interfaces using HTML5, CSS3, and JavaScript
- Collaborated with UX/UI designers for design integration.
- Utilized Git for version control and maintained an organized codebase
- Identified and resolved front-end bugs to enhance application stability
- Implemented responsive design principles for consistent user experiences
- Worked closely with back-end developers for seamless integration
- Conducted performance optimization to improve website speed
- Actively participated in daily stand-up meetings to provide updates
- Demonstrated adaptability and continuous learning in a fast-paced environment
- Engaged in peer code reviews to maintain code quality and implement best practices

Full Stack Developer

Techmonk Ecommerce Solutions Pvt Ltd Sep 2022 - Present

- Created responsive and user-friendly interfaces using HTML, CSS, and JavaScript.
- Implemented dynamic client-side interactions with React.js for an engaging user experience.
- Designed and developed server-side logic with Node.js and Express for efficient data handling.
- Managed databases (MySQL, MongoDB) to organize and retrieve data effectively
- Orchestrated seamless integration of front-end and back-end components.
- Implemented RESTful APIs to facilitate communication between application layers.
- Utilized Git for version control, ensuring codebase integrity.
- Collaborated with UI/UX designers, product managers, and developers for feature-rich applications.
- Identified and resolved bugs promptly, maintaining a robust application environment.
- Conducted performance analysis and implemented optimizations for improved efficiency.
- Stayed updated on emerging technologies and frameworks.
- Actively participated in training sessions to refine skills and stay current in the tech landscape.
